

## Mission Statement

- Protect and promote the Epagneul Breton breed by maintaining our breed's unique qualities and characteristics as developed for more than a century in France, the country of our breed's origin;
- Preserve the Epagneul Breton's unique conformation and working standard in the field which traits are to provide for a close working gun dog for the foot hunter;
- Continue to advance the separation of the Epagneul Breton breed from the American Brittany breed in the United States and abroad; and to discourage and prevent cross-breeding among representatives of the two distinctly different breeds;
- Assist the United Kennel Club Inc. in promoting and encouraging participation in a system of Field Trials, Conformation Shows, and TANs (Natural Ability Tests) in North America which are modeled as closely as possible after those held in Europe under the auspices of the F.C.I.;
- Educate the public and media about the Epagneul Breton breed in the United States and around the world;
- Advocate ethical and responsible breeding practices among breeders of the Epagneul Breton through a voluntary Code of Ethics;
- Provide a forum for fellowship, friendship and mutual cooperation among owners and fanciers of the Epagneul Breton.

# THE EPAGNEUL BRETON

## Compact Size & Personality

*These 'little' dogs are bursting with personality and the perfect addition to an active family. They will capture your heart with their intelligent expressions and joyful nature.*

## In The Home

*They are calm and sociable, making them desirable companions for all ages. With proper care and exercise they are easily trained and get a long well with others.*

## Natural Hunters

*Bred to point upland game and hunt all day in thick cover or open prairie. If you enjoy a little waterfowl hunting every now and then, they can handle that, too!*

## History

*The Epagneul Breton or 'French Brittany' originated in the central region of Brittany in France. Brought to the US in the 1930's, it is one of the oldest spaniel-type dogs and the smallest of the pointing breeds.*

## Breed Standard

*Its body is compact or 'cobby' and its coat is slightly wavy with feathering on the legs. Acceptable colors are white and orange, white and black, white and liver, and tricolored.*

## Trialing & Testing

*The breed has shown endless versatility in their accomplishments. UKC Grand Champions, AKC Master Hunters, NAVHDA Versatile Champions, Agility Titles, Nose Work, Dock Diving & more.*
